Project Design Phase

Problem – Solution Fit Template

Date	September 2026
Project Name	ServiceNow-Based Employee Laptop Request Application

Problem – Solution Fit:

The Problem-Solution Fit describes the employee's needs, problems, current behavior, and the proposed ServiceNow-based solution for requesting company laptops. It focuses on reducing approval delays, incomplete information, manual follow-ups, and limited status visibility.

Purpose: ❑ Solve complex problems in a way that fits the state of your customers.

❑ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.

❑ Sharpen your communication and marketing strategy with the right triggers and messaging.

❑ Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.

❑ Understand the existing situation in order to improve it for your target group.

1. CUSTOMER SEGMENT(S) • Employees who need a company laptop for work. • New joiners and employees needing replacement or upgrade devices. • IT/asset teams managing laptop fulfilment.	**6. CUSTOMER CONSTRAINTS** • Laptop availability and specifications may vary. • Requests may require manager and IT approvals. • Employees depend on timely communication and delivery.	**5. AVAILABLE SOLUTIONS** • ServiceNow request form and My Requests. • Email notifications and IT support communication. • Existing manual approval and follow-up processes.
2. JOBS-TO-BE-DONE / PROBLEMS • Request a suitable laptop with correct specifications. • Complete approvals without repeated follow-ups. • Track request and delivery status clearly.	**9. ROOT CAUSE** • Multiple approval steps and manual coordination. • Incomplete request information can cause delays. • Status updates may be scattered across communication channels.	**7. BEHAVIOUR** • Employee logs in, selects laptop details, adds justification, and submits. • Employee checks My Requests for status. • Employee contacts IT when updates are unclear.
3. TRIGGERS • New employee joining the organization. • Existing laptop is damaged, outdated, or insufficient. • New role/project requires a different device or accessories.	**10. YOUR SOLUTION** • Guided ServiceNow laptop request form with required-field validation. • Business justification and asset availability checks. • Automated approval routing, real-time status tracking, and email notifications.	**8. CHANNELS OF BEHAVIOUR** • ServiceNow employee portal. • My Requests/status view. • Email notifications and IT support communication.
4. EMOTIONS – BEFORE / AFTER BEFORE: Frustrated, uncertain, and worried about delays or unclear status. AFTER: Confident and informed because approvals, status, and updates are visible.	**11. EXPECTED BENEFITS** • Faster and more consistent request processing. • Fewer incomplete submissions and manual follow-ups. • Better transparency between employees, approvers, and IT.	**12. SUCCESS OUTCOME** • Smooth request-to-fulfilment journey. • Timely laptop approval and delivery. • Improved employee experience and IT productivity.
